

Residential Russian Summer School – August 2017, Cambridge, UK

Testimonials:

JM:

Many thanks for a wonderful course! The teaching was superb, and I was amazed by the knowledge and enthusiasm of all the teachers. You were all very encouraging and supportive of our efforts, even when some of it must have been painful to a Russian ear!

It was a good idea that we all had lessons from the different teachers. The themed days were great. The evening entertainment was first-class. I especially enjoyed the concert, with such a variety of contributions, and I was delighted to have the opportunity to play some Russian folk music on my accordion.

I found the other students, as well as the teachers, very welcoming, friendly and ready to help.

--

PL:

I wanted to say what a wonderful summer school!

When I started I thought “quite a lot of money to stay in England” and when I finished I thought “money well spent for such enjoyment”.

Coming together once a year makes us realise we are not alone in loving Russian and Russian culture.

--

VS:

I have to say that I thought the Summer School was organised absolutely brilliantly, and I know I speak for many other students too! Everything ran so smoothly and we all had a most rewarding and in some cases actually life-affirming experience.

Thanks for the memories, Tanya, and to all the other teachers too. We think you are all very special, unique people, but together you are the Dream Team of Russian teaching!

--

KC:

Thank you very much indeed for such a brilliant course. I enjoyed it very much and felt that I learnt a lot both in the classes and through the additional activities. All of the tutors made the lessons enjoyable (the murder mystery was particularly good) and put in so much hard work: you all deserve a holiday after that!

Please say thank you to Marina, Lina and Anna too from me. I will definitely come again.

--

HC:

I wanted to say a huge thank you for the Russian Course at Cambridge last week.

It really helped boost my confidence in speaking the language and using more complex structures and words in my writing. I thoroughly enjoyed getting to know everyone on the course and the other teachers too, whether it was in lessons, at mealtimes or dancing in the bar.

I now feel ready to tackle my oncoming Russian A-Level this year. Спасибо!

--

BL:

This year's summer school was an outstanding success.

Smooth running and very high quality of teaching, activities and accommodation.

--

EB:

My congratulations to you and your team for organising and running such an unforgettable course so well!

--

IW:

It was a wonderful and inspirational week. The four teachers complemented each other well.

I was so encouraged that today I listened to the whole of Evgeniy Onegin while I gardened. I really want to continue reading this year and listening to Russian.

Congratulations on organising and teaching on this wonderful summer school. I can't wait until next year!
